

Green CERTIFICATE

Agricultural Training

APPRENTICE-STYLE AGRICULTURE TRAINING

APPRENTICESHIP-STYLE - WORKFORCE DEVELOPMENT - TRAINING PROGRAM

WHAT'S IN IT FOR YOU:

- Earn up to (16) Grade 12 diploma credits per specialization completed
- Have fun learning more about agriculture in a practical, hands-on environment
- Increase your knowledge and skill level and gain valuable work experience
- Reach further educational goals; many post secondary agricultural institutions and scholarship programs look favorably upon Green Certificate involvement
- Explore career options in the agriculture industry
- Earn recognition for what you can already do on the farm
- Learn more about crops or animals, agriculture, machinery and farming operations
- Include the experience and training on your resume and add the certificate of completion to your portfolio

STUDENT REQUIREMENTS:

- 15 years of age
- Enrolled in grades 10, 11 or 12
- AGR3000 - pre-requisite Farm Safety Course

PROGRAM TIMELINE:

- In general, it takes about one year to achieve completion. In one year, the trainee will experience all of the seasons on a farming operation. Trainees are allowed up to three years to complete their training, if needed.

STEPS FOR A TRAINEE:

- Attend an induction meeting
- Develop a training plan with your trainer
- Train on all the skills in the book
- Search out additional resources with your trainer to complete all skills (workshops, other producers, agri-businesses)
- Perform an on-farm test of skill competencies
- Communicate regularly with your school representative on your progress
- Attend regional training days when offered by your regional coordinator
- Attend the certification test at a regional test center when scheduled
- Turn in the test report forms to your school representative to receive your credits
- If incomplete, develop a further training plan with your trainer

STEPS FOR TRAINERS/PARENTS:

- Attend an induction meeting
- Provide a work site with conditions that support the trainee's learning
- Develop a training plan with your trainee
- Mentor trainee on all skills
- Use the workbook as a training guide to develop best management practices
- Encourage and support finding additional resources
- Administer on-farm test with the trainee, signing off on the skill profile sheet when competency has been achieved.
- Support the trainee's attendance at regional certification tests
- Communicate with the school representative on the trainee's progress
